## PERSONAL PROJECTS

### E-commerce Website

- With my vast knowledge in HTML,CSS and JavaScript, i was able to build a functional e-commerce website from scratch which enabled consumers have knowledge about the items available and their prices from the comfort of their homes.

### PERSONAL PORTFOLIO

- I have been able to build a personal portfolio with my knowledge in HTML,CSS and JavaScript and in my portfolio, i made every important information available in it, in order to know the kind of qualities and expertise i will bring to the table.

### SAMUEL DOG SERVICES

- This project was built on mainly my love for animals, especially dogs. I applied my skills in frontend web development to make this project happen.

### FIRST WEBSITE

- This was the first website i built from scratch when I started taking classes in html and CSS only.
